COMMISSION DELEGATED REGULATION (EU) 2019/2018

|                                                                                                                                              |                  |
|----------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| Model identifier:                                                                                                                            | DC98BB           |
| Supplier's name or trademark:                                                                                                                | Scancool         |
| Use:                                                                                                                                         | Display and sale |
| Type of refrigerating appliance with a direct sales function:                                                                                |                  |
| Cabinet family code, according to the harmonised standards or other reliable, accurate and reproducible methods in accordance with Annex IV. |                  |

## General product parameters:

### 1. Beverage coolers\*

|                                     |  |                                                        |                       |
|-------------------------------------|--|--------------------------------------------------------|-----------------------|
| Total volume (dm <sup>3</sup> or L) |  | Ambient conditions for which the appliance is suitable |                       |
|                                     |  | Warmest Temperature (C)                                | Relative humidity (%) |
|                                     |  |                                                        |                       |

### 2. Ice-cream freezers with (transparent lid/non-transparent lid)\*

|               |    |                                                        |         |                       |         |
|---------------|----|--------------------------------------------------------|---------|-----------------------|---------|
| Net volume, L | 88 | Ambient conditions for which the appliance is suitable |         |                       |         |
|               |    | Temperature Range (°C)                                 |         | Relative humidity (%) |         |
|               |    | Minimum                                                | maximum | minimum               | maximum |
|               |    |                                                        |         |                       |         |

### 3. Gelato-scooping cabinet

|                                      |  |                   |  |
|--------------------------------------|--|-------------------|--|
| Total Display Area (m <sup>2</sup> ) |  | Temperature class |  |
|--------------------------------------|--|-------------------|--|

### 4. [Integral/Remote] [horizontal/vertical (other than semi-vertical)/semi-vertical/combined] supermarket cabinet, roll-in\*: [yes/no]:

|                                      |  |                   |  |
|--------------------------------------|--|-------------------|--|
| Total Display Area (m <sup>2</sup> ) |  | Temperature class |  |
|--------------------------------------|--|-------------------|--|

### Type of refrigerating appliance

|                           |      |                                                            |   |
|---------------------------|------|------------------------------------------------------------|---|
| Annual energy consumption | 657  | Recommended temperature(s) for optimised food storage (°C) |   |
| EEL                       | 15,9 | Energy efficiency class                                    | B |

### Light source parameters:

|                                                                    |     |
|--------------------------------------------------------------------|-----|
| Type of light source                                               | LED |
| Energy efficiency class (for the light source)                     | F   |
| Minimum duration of the guarantee offered by the supplier, (month) |     |

### Additional information

Weblink to the supplier's website, where the information in point 3 of Annex II of Commission Regulation (EU) 2019/2024 is found:

\*(Beverage coolers: fill in point 1, ice-cream freezers: fill in point 2, Gelato-scooping cabinet: fill in point 3, supermarket cabinet: fill in point 4, refrigerated vending machines: fill in point 5. If the refrigerating appliance with a direct sales function contains compartments working at different temperatures, or a compartment that can be set to different temperatures, the lines shall be repeated for each compartment or temperature setting):

# Product information sheet

## Technical documentation

Model identifier:

DC98BB

### General product specifications:

|                                  |     |                                            |  |
|----------------------------------|-----|--------------------------------------------|--|
| Annual energy cons. kWh/a        | 657 | Standard annual energy consumption (kWh/a) |  |
| Daily Energy Consumption, kWh/24 | 1,8 | Ambient Conditions                         |  |
| M                                |     | N                                          |  |
| Temperature Coefficiency (C)     |     | Y                                          |  |
| P                                |     |                                            |  |
| Climate Class Factor (CC)        |     | Target Temperature (Tc) (C)                |  |
